LIFE INSURANCE.

ÆTNA

LIFE INSURANCE COMPANY,

HON. E. A. BULKELEY, President,
AUSTIN DUNHAM, Vice "
T. O. ENDERS, Secretary.
H. W. ST JOHN, Actuary.

SUMMARY OF BUSINESS FOR 1867

Total Assets, over	$10,000,000
Polices Insured in '67,	15,251
Am'nt insured, nearly	$45,000,000
Policies Average "	3,000
Receipts for 1867,	5,129,447
Surplus for Dividends,	2,000,000

Dividend Fifty per cent.

Receipts for Interest Nearly Paid Its Losses.

It has $130 Assets for every $100 Liabilities.

Its premium receipts at the present time are nearly HALF A MILLION DOLLARS per month and are rapidly increasing.

The growth of the Ætna has never been equaled by any other Company whatsoever, in Europe or America.

Particular attention is called to the fact that while its business is increasing unprecedentedly, its ratio of expenses is comparatively small.

ECONOMY of management, CARE in the selection of risks, promptness in the payment of death claims, and security in the investment of its immense Trust Funds, are rigidly adhered to, and have ever characterized this Company.

The ÆTNA issues all the favorite kinds of Policies at the most favorable rates.

The ÆTNA issued last year more Endowment Insurances than any other Company.

The ÆTNA'S ratio of expenses, or cost of new business is less than any other Company whatsoever, and less than two-thirds of the average.

The ÆTNA is as liberal in permits to travel, in all parts of the world, as a sound discretion will warrant, and is much more liberal than any other prominent Company.

ANNUAL INCOME over $6,000,000.

The only Company that has the Low Participating Non-forfeitable Term Insurance with privilege of renewal. Ex. of rate at age 30 $14 67, which is nearly 40 per cent. lower than any other leading Company. Also

Non-forfeiting cash rates with dividends or contribution plan and payable at the end of the first year.

Description of Policies.

First—Whole Life Policies,

Second—Endowment Policies, for terms of ten fifteen, twenty, twenty-five, thirty, and thirty-five years.

AGES.

Insurance will be granted at all ages from fifteen to sixty years.

PREMIUMS.

Premiums are payable annually during the continuance of the insurance, or annually during a period of five, ten, fifteen or twenty years within the insurance term, or by single payment.

DIVIDENDS.

All Whole Life and Endowment Policies, issued at the rates published herewith, will participate in the surplus from the date of issue,

The dividends will be declared and paid annually upon the contribution plan, and may be applied as the assured shall elect, either to reduce future premiums, or to increase the Cash Value of the Policy.

If no election be made the dividends will be added to the Cash Values.

When, by adding the dividends to the Cash Value, the accumulations on any Policy shall have become sufficient to keep the same in force for its *full amount*, without further payments, the assured may, at his option, either continue payment of premiums and enlarge thereby the annual additions to its Cash Value—or discontinue them; and in either case, when the accumulations shall have become equal to the sum insured, the annual dividends on the Policy will be declared as a per centage of said sum, and paid in cash, and upon surrender of said Policy the sum insured thereby will be paid in full, without regard to the time fixed then in for its payment.

The system of applying the dividends is peculiarly advantageous to the assured, securing, at an increased age, not only relief from further payment of premiums, but, at the same time, an annual income until death, unless he shall have previously received full payment of the Policy.

Dividends on paid-up Policies—that is, Policies which require no further payment of premium to continue them in force for the original amount of insurance—will be paid in cash upon demand.

NON-FORFEITURE RULES.

No whole Life or Endowment Policy, on which two or more annual cash premiums have been paid, shall be forfeited by failure to make further payment as stipulated therein, but will continue in force for the full amount which the Cash Value and dividends, then accumulated, will purchase, taken as a single net premium, upon the "Actuaries" rate of mortality and four per cent. interest; and the amount continued in force will generally exceed the aggregate of the payments actually made, extra charges excepted.

The Most Vigorous and the Most Liberal Insurance Company in the Country.

BROOKLYN LIFE INSURANCE COMPANY.

141 Broadway, N. Y.

ASSETS OVER

$1,000,000!

CHRISTIAN W. BOUCK.....President.
ABRAM D. POLHEMUS.....Vice President.
WILLIAM M. COLE.....Secretary.
D. P. FACKLER.....Consulting Actuary.
DANIEL AYRES, M. D., LL. D.....Med. Examiner.

POLICIES ISSUED AS GOOD AS UNITED STATES BONDS.

POLICIES VALUABLE IN LIFE AS AT DEATH!

The BROOKLYN LIFE is the only Company in the country which guaranties a definite surrender-value to every Policy on which two or more annual premiums have been paid; this amount, in dollars and cents, is endorsed on every Policy issued. Should any Policy-holder become unable to pay his premiums, he can thus know the cash worth of the Policy at any time after two annual premiums have been paid.

This certainty is the greatest inducement and most tangible advantage ever accorded to parties insuring their lives.

Among the advantages offered by the BROOKLYN, which thoroughly evince the determination of the officers to make it the MOST LIBERAL Life Insurance Company in the United States, are:

1st. TOTAL REMOVAL OF ALL RESTRICTIONS ON TRAVEL AND RESIDENCE. The Assured may travel or reside any where in the world, at all times, without permits or special payment.

2d. A LOAN OF FORTY PER CENT. of the Premium to the Policy-Holder Annually.

3d. All Policies are non-forfeitable after two full annual premiums have been paid.

4th. Policies issued on all approved plans, and free from restrictions, and from many forms of clauses usually found in Policies issued by most Companies, rendering them unnecessarily complex.

5th. Dividends annually (after second year) in cash. Dividends are divided by the Contribution Plan—the only equitable manner of distributing the earnings to each Assured—the Company, for each Annual Dividend, sets apart a sum sufficient to pay all Policies entitled to participate in the Dividend, and distributes the surplus pro rata among them.

6th. Premiums may be paid quarterly, half-yearly or yearly, at the option of the Assured.

7th. Prompt payment of all losses.

8th. No charge for policy or stamp.

The success which the "BROOKLYN" has achieved, fully exemplified in its rapid and healthful growth, is a convincing proof of the confidence reposed by the public in its soundness, integrity and liberality.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

MONDAY, MARCH 8, 1869.

"GOV." HOLDEN AND THE "CARPET BAGGERS."

That the "carpet baggers" have framed and controlled the existing government of this State, is manifest to every one who is at all familiar with the action of the late State Convention and the Government which it created. Abbott, Heaton, Tourgee, Ludin, Sweet, Mann, and a small army of others, whose names we can't now recollect—all "carpet-baggers,"—framed the Constitution, gave it such form and life as it has, and then manipulated and deceived the negroes and a small minority of the white people, until they succeeded in fastening it on our helpless people. As evidence of the truth of this, we point to the fact that the whole system of government provided by it, is not, in any material respect, like the State government as it existed before, or during the late war. The offices created are, for the most part, new in name and in fact, and many additional offices are created, unheard of by our people; the apportionment of representation and the method of legislation in the main, new, and our judicial system is entirely new and foreign to us and our wants. In all these, these innovations were brought forward and pressed successfully in the convention; not by native, white or black, but by these very "carpe- baggers." For the truth of this, we point to the Journal and records of the Convention; and, we may add, that the only native Radical of any influence, Judge Heaman, was severely opposed to the change of our Judiciary system, and most of the other radical changes, but he and all the native Radicals white and black, were swept along by the boundless power and the lust of the "carpet-baggers." The *morals* of the Convention was altogether of the "carpet bagger" type. There was a reckless disregard of right and the rules of common propriety, and a boastful and studied purpose to humiliate and outrage the *"truest, broken down aristocracy"* of the State. By this was meant everybody who was not base enough to worship and hero-z "carpet-baggers," to gratify their dissolute appetites, and to pander to their vulgar pretentions. In the main, yet with about a dozen exceptions, the delegates who composed that Convention were men without character or talent, unknown to the people, unaccustomed to public life and knew little more of Constitution-making than so many wild Arabs; they were not the owners of any considerable amount of property, never were and never will be. As the investigation of "carpet bag" vultures, the natives plunged into the most reckless use of public money, paid themselves enormous *per diem*, embarked in a system of legislation of the most unheard of kind, and appropriated money by millions. This was all done upon the motion and through the *jerrymandering* of "carpet baggers," for our native people, white and black, never would have thought of doing such an unheard of thing, at any time, much less when our people were so impoverished by a devastating war. The "carpet-baggers" did it; they came to do it; they came with nothing; they had nothing; they had neither character nor property at home; they came as adventurers, *to make gain*; they could not loose; they came to prey upon the broken spirited and downtrodden people of the State, not caring a fig for them or the State, so they could get money, get it any way, by any means, foul or fair. This is true to the letter; we put it to every native Radical to say, if this is not true! His conscience, and facts that have come under his own observation, tell him it is true!—These "carpet-baggers" saw at once, that their hope was in managing the *negro*; they began their work by deceiving that race, they organized it as one man against the white race and thus got possession of numerical power; they made the Constitution that affords no protection for property or settled labor; they, by means of that Constitution, and the negro power, and the force of the bayonet, got control of the Legislature, and what have they done? We point to the conduct of the Legislature as a body as answer to this question. This, beyond question, is without a parrallel; even the leading Radicals of the State are astounded at it. Its prodigacy is notorious; it is irresponsible in any sense; it has wasted time without stint; it has appropriated money by millions on millions, it has paid itself the most enormous *per diem*, it has created new and unheard of offices and paid the incumbents of them fabulous wages; it has uniformly passed such acts as do not pretend or profess to protect the rights of the State where millions are appropriated, and this on purpose to afford facilities for fraud and peculation; and this legislation is so shaped too, as to let these "carpet-baggers" into office, when they can control and get at the money so recklessly appropriated; and this same Legislature has perpetrated fraud upon the people so glaring, so palpable, that even it has been forced in open day, to repudiate such fraud, as witness the "Penitentiary swindle" and the "said swindle" in the Eastern part of the State. Is this not so? If any one doubts, let him read the acts of this Legislature; let him read its journals, reports of Committees and debates. Who did at the bottom of all this wickedness? The "CARPET BAGGERS," they control the Legislature; they lead it; there are Kerns, French and Lellis, three "carpet bag" leaders in the House, while native Radicals can do nothing; they are whipped in by the domineering insolence and impudence of the "carpet baggers," and all that the handful of Conservatives can do is to sit off and look on at the rebellious and vulgar triumph of the plundering "carpet-baggers;" while helpless native Radicals can't help themselves; they succumb and go as they are told to go.

In the Senate, it is just as bad. There are "carpet-baggers" Hyes, and Cook, and Welker, and Davis, and Sweet, and others, with old Cape Cod Ashley and Byrnes to help,—they drive and control the Senate; they shape the statutes and leave them loose as safe fraud means for perpetrating fraud and theft; they drive the native Radicals as they will!

This is true to the letter: the native Radicals know and feel the truth of these statements. Now, who gives aid and countenance to these "carpet-baggers?" Would the people that the man who keeps them up to the utmost of *his capacity* is "Gov." Holden; he winks at the villainies and frauds and steralings of these "carpet-baggers," if he don't directly participate in them. These "carpet baggers" are his *bosom* and *confidential* friends; they make up his "Kitchen Cabinet." He appoints them to offices, and to offices where they can get at the money; these, and no others, are the offices they want. General Littlefield is State Treasurer for the Western North Carolina Railroad Company; Gen. Abbott is a Director; Gen. Ludin is another State's Prison; Mr. French is another; Mr. Byrnes is another; he puts these *honest* and *capable* men in power whenever he can, and that too, in the neglect of the *native* Radicals. We put it to the native Radicals to say, if this is not true.

Another thing, Gov. Holden is cognizant of all the frauds and villanies of these "carpet baggers". Did any one ever hear him complain of them? Did any one ever hear him say a word looking to the protection of the State against these plunderers of her Treasury? Never! On the contrary he defends them; he continues them in office and appoints nine of them to office; just a few days ago he appointed Byrnes to be a Director of the Western Railroad Company. Could "carpet-bag" Press have got a the $100,000 for the "Penitentiary swindle" but for the help of "Gov." Holden? Never—See the law on that subject. That was confessedly a *swindle*; the Legislature, profligate as it is, was forced to repudiate it after spending time and money for weeks. Has "Gov." Holden ever once raised his voice in opposition to, or in condemnation of that "swindle," although the bonds could not have been obtained without his co-operation?

Never a word does he say in defence of the State and right. No, this "Governor" Holden, sustains and upholds these carpet-baggers, and but for him the carpet-baggers could be driven out of the State. He don't intend to aid in putting them out of the way and stopping this robbery of the State. Gen. Littlefield, in a public speech, insulted his son-in-law, Mr. Cowles, in the grossest manner, by a coarse and vulgar allusion to a member of Gov. Holden's family; he did this, we are informed, in the most public manner, at Statesville, last Summer, and yet this same "Governor" recognizes General Littlefield, and says not a word in condemnation of him, though in addition to this personal outrage on a member of his family, he knows that this same *General* has done his utmost to corrupt the Legislature and get $100,000 of State bonds to "put the Chatham Railroad bill through."

This, *native Radicals*, in the Legislature and out of it, is your Radical "Governor." Behold him! *Why is he so devoted to the carpet baggers under all circumstances?* Let the people say! And let the people, Radicals and all, think of these facts!

ANDREW JOHNSON'S FAREWELL ADDRESS.

We regret our inability to publish to day the last paper emanating from the late President. It is written with consummate force and skill, and exhibits the author in the best light as an accomplished and able statesman, and as the friend of his country.—We have not read any political document in a long time that so impressed us. Whether we regard the luminous and very forcible review of the leading features of his administration, or the perspicuous and appositive terms with which his thoughts are expressed, we must tender to this vigorous document that praise which its great merit so eminently deserves. There are few living Americans who could have produced so fine a specimen of political writing. The mind that conceived it must be unusually self possessed-deliberate and earnest.

His arraignment of Congress, and his thorough opposition to their evil designs upon the country, are set forth with graphic force and truth. Such we believe will be the judgment of posterity, when the transactions of the last four years are studied without phrensy, and the American people shall be able to do full justice to this striking and calm bill of indictment against the profligacy and folly of that most iniquitous Congress that has just expired.

We will endeavor to lay this address before our readers as soon as the crowded state of our columns will allow—probably in our Tuesday's issue.

The closing exercises of the Baltimore Preparatory School of Medicine, of which Dr. A. P. Smith and Dr. M. J. De Rosset are the principals, were held Monday evening. Twenty-seven gentlemen received certificates of honor. The prize for superior scholarship was awarded to Mr. Joseph Vandeventer, of Virginia, and those for full reports of Professor N. B. Smith's clinics to Mr. Willis Alston, of North Carolina, and to Mr. J. J. Liggett, of Maryland.

LIEUT. BRAINE.—A *nolle prosequi* in the case of John C. Braine, of the late Confederate navy, was entered in the United States Circuit Court, Brooklyn, on Monday, under directions from Attorney General Evarts.—Mr. Braine was then discharged, and left the court in a hack.

Gen. Grant sent a subscription of $360 to the Metropolitan Methodist Church on Sunday.

Legislature of North Carolina.

Mr. Forkner, from Committee on Internal Improvements, reported back bill authorizing Counties to subscribe stock in Railroads, with recommendation that it do pass.

Committee on Internal Improvement recommend passage of bill relative to County of Robeson.

Committee on Propositions and Grievances reported favorably on a number of private bills relieving Sheriffs and allowing them further time to collect taxes, &c.

Message from House, concurring in certain Senate bills.

Mr. Lindsay introduced a bill to incorporate Madison, in the county of Rockingham.

Mr. Bellamy, a bill to authorize appointment of municipal officers in Rocky Mount. Gives power to the Governor.

Mr. Love, a further supplement to bill, incorporating Green Swamp Land Company. Referred to Committee on Corporations.

Bill to authorize the Commissioners of Northampton to levy special tax, was read 3d time, and passed.

Bill to authorize the Commissioners of Anson county to levy a special tax, was read third time and passed.

The bill increasing a tax five times the amount now levied, and the Senator thereto moved its recommittal, which was carried, and the bill was referred to the Committee on Finance, with instructions to report it back on Saturday next.

The further additional revenue in the County of Greene was taken up and passed its third reading, by a vote of yeas 64, nays 0.

Bill to amend the charter of the Atlantic & N. C. Company, in the city of N. where, was read second and third times and passed.

House bill to remove obstructions in the Cape Fear River, read second and third times and passed.

Act to authorize the construction of a Railroad from some point on the Raleigh & Gaston Road, West, to the county of Stokes, was read second time.

Messrs. Barnes and Shaffner took grounds against the bill.

Mr. Winstead advocated its passage.

It appears that the notice required, of 30 days, had not been given of the bill, as required by the Constitution. The question seemed to be, Is the bill a private or a public one? The question was debated by Mr. Sweet, and, by *precedent* long set, he looked upon it as a private bill.

Mr. Shoffner again argued that the bill was a private bill, inasmuch as it affected the taxpayers of the State.

Mr. Osborne agreed with Mr. Shoffner, that a bill, with a provision in it affecting the public, made it a public bill. He had great doubts as to the constitutionality of the bill.

Mr. Winstead asked that the bill be allowed to pass its second reading. He believed that the State had been ruined by the action of the Legislature—he believed the State would be benefitted by the Road.

Mr. Sweet said, having inspected the bill, he was of the opinion it was a public bill.

Mr. Scott was of opinion that it was a public bill, and *notices* for charters for Railroads had never been made.

Mr. Brogden, in the Chair, ruled that it was a public bill.

Mr. Sweet moved that the bill be transferred from the private bill calendar to the public calendar.

By consent, it was so understood, and the bill was put upon its second reading, and resulted yeas 18, nays 8.

On motion of Mr. Osborne, the bill was referred to the Committee on the Judiciary.

Bill to amend the charter of the Fayetteville and Florence Railroad was read second time and passed—on its third reading no quorum voting, the bill failed.

Mr. Forkner rose to a privileged question. He said, the honor of the Senate should be vindicated by attending to the public business, or adjourn and go home. The proceedings of this body was a disgrace—Members were receiving $7 per day, and doing nothing—and, unless he could give some reasonable excuse for this delay in business he did not expect ever again to come to these Halls as a Representative.

Mr. Shoffner moved, inasmuch as the Senate was doing nothing, other gentleman, who desired be allowed "to make speeches for Buncombe."

[Loud calls were made for Shoffner."]

Mr. Forkner retorted that he spoke not for Buncombe, alone, but for the whole State.

A quorum having been ascertained as now being present, the vote was again taken on the passage of the bill, 3rd reading, and resulted, yeas 21, nays 5.

On motion of Mr. Forkner, the door of the Chamber was locked, and no Senator allowed to retire, during this day's session, without consent of the Senate.

The President of the Senate resumed the chair, and said his motion should not have been entertained; no one, he should be made of it. The rules of the Senate clearly defined that the sun is as should be transacted with open doors.

Act to extend the corporate limits of the town of Lumberton, was read 2nd and 3rd times and passed.

Bill to prohibit the sale of liquors within 3 miles of the Western N. C. Railroad, during its construction, was read 2nd time, and the propriety of such an act was discussed by Messrs. Barnes and Leinster.

Mr. Ball advocated its passage, as necessary to the success of that great work.—There were 300 hands employed, who were being constantly examinated, and the work retarded, by the sale of liquors.

Mr. Osborne also advocated its passage for the same reasons.

Mr. Stephens moved the indefinite postponement of the bill, and resulted, yeas 19, nays 9.

Bill confirming certain land grants in the counties of Ashe and Alleghany, to Lewis W. Bryan and others, read second time and passed.

On its third reading, Hyman, colored, moved its indefinite postponement, which motion did not prevail.

The question then recurring on the passage of the bill on its third reading, passed.

Act authorizing the Northwestern North Carolina Railroad Company to receive subscriptions in lands, read second and third times and passed.

Bill authorizing the Commissioners of Camden county to levy a special tax, read second and third times and passed.

Bill to incorporate the Swift Island Manufacturing Company, read second and third times and passed.

Bill to repeal an act in relation to the sale of spirits in the town of Haywood, and submitting the question to the citizens of the town, read second and third times and passed.

Bill to incorporate the Davidson Railroad Company, passed second reading—on its third reading, by sections, 7th section was so amended as to limit the price of travel to 5 cents per mile. The yeas and nays being called, on the final passage, was adopted.

The Senate then adjourned.

Ayer's Sarsaparilla,

FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys, is derived from its cures, many of which are of a truly marvellous character. Inveterate cases of Scrofula, where the system seemed utterly given up to corruption, have yielded to the compound of anti-strumous virtues. Disorders of a scrofulous type, and affections which are merely scrofulous matter, have been radically cured in such numerous instances, in every settlement in the country, that the public do not need to be informed here that it is in most cases a specific and absolute remedy.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and hastens the onslaught of unfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develop into one or other of its loathsome forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver. These facts make the occasional use of the *Sarsaparilla* as a preventive, advisable.

It is a mistake to suppose that so long as no eruptions or humors appear, there must be no scrofulous taint. These forms of derangement may never come, and yet the vital forces of the body be so reduced by its subtle agency, as materially to impair the health and shorten the duration of life. It is a common error, also, that scrofula is strictly hereditary. It does, indeed, descend from parent to child, but is also engendered in persons born of pure blood. Low living, intemperance, foul air, filthy habits, assimilations, and the depressing vices generally, are latent. Wealthy constitutions, where not fortified by the most constant and judicious care, are peculiarly liable to it. Yet the robust, also, who glow with the ruddy hue of the rein with apparently exuberant vitality, are often contaminated, and on the road to its consequences. Indeed, no class or condition can depend on immunity from it, or feel insensible to the importance of an effectual remedy.

In *St. Anthony's Fire, Rose or Erysipelas, for Tetter, Salt Rheum, Scald Head, Ringworm, Sore Ears and Eyes*, and other eruptive or visible forms of the disease, caused primarily by the scrofulous infection, the *Sarsaparilla* is of sufficient as to be indispensable. And in the more concealed forms, as in *Dyspepsia, Dropsy, Heart Disease, Piles, Epilepsy, Neuralgia*, and other affections of the muscular and nervous systems, the *Sarsaparilla*, through its purifying powers, removes the cause of the disorder and produces astonishing cures.

The sarsaparilla root of the tropics does not by itself achieve these results. It is aided by the concentrated curative virtues of still more powerful potent in this union of healing virtues, *Sarsaparilla or Yellow Dock and Mercurial Diseases* are cured by it, though a long time is required for subduing those obstinate maladies by any medicine. *Leucorrhœa or Whites, Uterine Obstructions, and Female Diseases* in general, are commonly soon relieved and ultimately cured by the invigorating and purifying effects of our *Sarsaparilla*. *Rheumatism and Gout*, often dependent on the accumulation of excessively acrimonious matter in the blood, have been greatly also in this medicine. *For Liver Complaints*, torpidity, inflammation, abscess, etc., caused by resulting poisons in the blood, we unhesitatingly recommend the *Sarsaparilla*.

This alone can restore health and vigor where no specific disease can be distinguished. Its remotive powers in such cases are felt by those who are *Languid, Listless, Dispirited, Sleepless*, and filled with *Horrors & Apprehensions* of Fears, or who are troubled with any other of those all-too-common symptoms of weakness. Many, after taking it for *General Debility*, have written us of the youthful vigor imparted to their nervous system, which seemed buoyant with that prolific life they thought had departed on the advance of age. Others, whose feminine life was always sickly, acknowledge their obligations to it for an obvious change.

Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Periodic Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic poisons.

As its name implies, it does *Cure*, and does not fail. Containing neither Arsenic, Quinine, Bismuth, Zinc, nor any other mineral or poisonous substance whatever, it is in no way injurious to any patient. The number and importance of its cures in the agues districts, are literally beyond account, and we believe without a parallel in the history of medicine. Our pride is gratified by the acknowledgments we receive of the radical cures effected in obstinate cases, and where other remedies had wholly failed.

Unacclimated persons, either residing in, or travelling through miasmatic localities, will be protected by taking the *LOUE CURE* daily.

For *Liver Complaints*, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity.

SYNOPSIS OF STATEMENT FOR 1868, OF THE CONNECTICUT MUTUAL LIFE INSURANCE COMPANY.

Income from Premiums,	$7 161,304 11
Income from Interest,	1,294,905 48
Total Income for the year,	8,746,228 59
Losses paid,	1 721,150 00
Dividends paid,	928,284 00
Total Losses paid to date,	8,080,883 00
Total Dividends paid to date,	2,197,2 8 00

It will be seen from the above that the INCOME FROM INTEREST ALONE greatly exceeds the losses, and that the TOTAL INCOME FOR ONE YEAR is more than the TOTAL LOSSES PAID TO DATE.

The Assets of the Company are NOW over TWENTY-THREE MILLIONS OF DOLLARS, and with its IMMENSE INCOME offers greater inducements to those insuring than any other Company in the country. In addition to the pro-credit system of premiums with dividends annually payable after four years, it issues Policies upon a reduced all-cash premium, with immediate ANNUAL DIVIDENDS. It can be plainly seen that the Connecticut Mutual Life has been doing a safe and increasing business for the last twenty-two years. It does not deem it necessary to make grand promises of what they INTEND doing, but will invite inquiries as to any plan more desirable, and it challenges its policies to be duplicated, for a stated amount, after two or three payments. Also remember, the Company has $154 Assets securely invested for every $100 of its Liabilities.

THE FAITHFUL TO BE REWARDED.

We are informed that the "truly loil" members of the City Board have determined to bestow their favors only upon their friends, however disastrous such a course may be to the City finances. An instance of the animus that excites them is found in a noisy discussion that took place when the question came up, "Who shall build the New Market House?" Mr. Briggs, of this City, had put in the lowest bid, viz: $17,000. According to every idea of justice and economy, he ought to have had awarded him the contract, for he is every way responsible. But not so, as it turns out. He is not "loyal," and, therefore, certain members of the Board are in favor of giving the job to J. P. Prairie, whose bid was $25,000, only a small matter of $8 000 more than Mr. Briggs proposed to do the work for.—But Phil. Thiem, a Republican, is unwilling to be party to such a scheme of corruption, and opposes the whole thing, and is sustained by Mr. Backalan; whereupon a "dog fight" follows, and finally the affair breaks up in confusion and excitement, without coming to any conclusion. All this will doubtless appear very proper to those who hold that to the "victors belong the spoils;" although in rewarding their friends, the people of this City are to be robbed of the nice little sum of $8 000. We hope that enough members will be found honest enough to prevent the perpetration of such an outrage upon this community. Our informant vouches for the facts above stated, and will prove them if they are denied.

THE WAY THE MONEY GOES.

The very wise legislators of this much afflicted State, took a recess after Friday morning's session until Saturday morning, in order that "the hands" might attend Wyman's performance at Tucker Hall. According to the rules, the Legislature must meet every night except Saturday. But that the Wizard might be honored by their presence, they first consume much time in the grave and highly important discussion of—"Shall all the hands go to the show?" and, secondly, they deliberately violate their own rule in order to gratify their overweening fondness for the funny and the curious. Wyman, be it remembered, distributes prizes, one for every ten or twenty tickets sold—and perhaps some of "the hands" expected to draw "an elephant" or some other valuable. It matters but little how much it costs the State, if they can only "see the show," and get a chance at the lottery.

MR. JAMES ROBINSON'S CHAMPION CIRCUS.—This establishment appears to be meeting with most signal but deserved success throughout this State. The journalists have succeeded in making the public satisfied that the real Robinson is "the man at the wheel," hence the little "champion" is everywhere warmly welcomed. Hereafter it will not be a judicious move for speculative Circus proprietors to announce a "bogus" for the original Robinson; for we feel convinced that "once sorn" the great champion will not soon be forgotten. We see that Mr. Robinson's Troupe is spoken of in the most complimentary terms. Miss Lucille Watson is admitted to be an extraordinarily fine equestrienne, while Shappy and Whitney are highly endorsed as gymnasts. Mr. Peter Conklin, the Clown, also appears to have made a most favorable impression, his original and chaste style being in accordance with the general high tone of the establishment. Mr. Robinson will exhibit here on Tuesday and Wednesday of this week, the 9th, and 10th, inst.

The following obituary of the late Congress, appeared in the Petersburg *Index* of Thursday. The writer was no friend of the departed:

Died on the 3d of March, 1869, the FORTIETH CONGRESS, aged two years—Though young in years it was old in infamy. Conceived in sin and born in iniquity, the offspring of the basest corruption and blindest fanaticism that ever met in foul embrace, it had been the object of many prayers and much supplication. In vain; it died as it had lived in the order of Fetish negro worship, and in utter disregard of every obligation, human and divine. Itself a boll of evil passions than which there was none lower in order which could sink on earth, its soulless body has passed into nothingness—that mighty evil from which, let us humbly trust that a merciful God, will never permit such another monster to emerge, to prey upon the peace, prosperity and happiness of our beloved country.

MR. EDITOR:—The citizens of Franklin County beg you, to petition the President of the United States, Congress, or some other higher power, to appoint a Guardian to the Legislature of North Carolina. If you fail in this, please have the room for accommodation, at the Lunatic Asylum, extended, (we would suggest that the Executive Mansion might be used for this purpose), apply for an order of injunction against them, before Judge Reade, restraining them from committing any more acts of thieving under the color of Legislative enactments, until you can have the question of lunacy determined according to law. In the event they are ordered to the Asylum, please use your influence to get Judge Reade to give an opinion, that the new Constitution requires "Boots" to march at the head of the procession, with his fiddle, playing *Home Sweet Home*.

DEATH OF LAMARTINE.

This distinguished author died on the 1st inst. He was born in 1792. He first appeared before the reading world, as a poet, in 1817. It is not, however, as a poet, that he is best known. His "Travels in the East," "Memoirs of Celebrated Characters," "History of the Girondists," "Revolution in 1848," and "Memoirs" of his youth, have rendered his name "a house-hold word." Some of his biographical contributions are highly graphic and eloquent. His travels are written in a style of singular beauty and finish, but are rather sentimental for the purposes of a man of the world. Not satisfied with the fame of a man of letters, he aspired to high civic honors. He was not without considerable success. After the abdication and flight of Louis Phillipe, it was his influence and tact that caused a provisional government to be established. He held the office of Minister of Foreign Affairs, under the new government. His political bias was decidedly Conservative, and his popularity, by a stroke, was unbounded. He was chosen by eleven departments, at once, to represent them in the Assembly. He was a candidate for the Presidency, against the present Emperor, but was defeated. With this failure his political life closed. Since that period he has written several books, and, perhaps, the most valuable and entertaining, of all his work, his sketches of eminent men.

There was a great deal of personal vanity in Lamartine; but, after all, his faults were venial, whilst his virtues were distinguished. He was, doubtless, one of the purest Frenchmen of this or any age.—Unlike his countrymen generally, he was a firm believer in Christianity, and, perhaps, a personal believer in the Savior. Guizot and Lamartine, both men of great virtues and talents, have done more than any of the literary men of their nation, to exalt their generation, by restraining vice, and by the advocacy of rectitude and sobriety—of all that is noble, and generous and good.

It affords us pleasure to publish the following circular letter. It appeals with peculiar force to every true Southern man. Near that famous little city which for so many months was beleaguered by a vast host, and which was defended with a constancy and courage only second to that of Londonderry, lie buried hundreds of the brave "boys in gray." The subjoined touching appeal, calls for help from a generous and grateful people, and we can but hope that a response will be made every way worthy of the liberality and appreciation of those concerned. Let not the graves of those brave men who fell fighting for our side be left uncared for and unadorned!—Let their bones repose beneath a mighty mausoleum that shall speak to coming generations of the prowess and devotion of those heroic souls who fought for what they held dear, and time, and accord, and whose ashes now commingle with the dust upon which they fought and fell:

CIRCULAR TO THE PEOPLE OF THE SOUTH.

As Corresponding Secretary of the Petersburg Memorial Association, it becomes my duty to ask your aid in the cause which is so sacred, so precious, that we would do and suffer all things for its successful prosecution; but circumstances deny us what would be equally the pride and joy of our hearts to perform. We, therefore, come to you, oppressed with the magnitude of the work, asking your sympathy and co operation. And what is the cause for which we plead? "Is it that we should say, come with us to crown with laurel, and celebrate in song, the victories of a righteous, noble struggle, to rejoice with them that the conflict ended, the warfare accomplished, they return with shouts of victory and glad hosannas to their happy homes, their long forsaken altars, their expectant and exulting loved ones?" No to this, not this, oh God! our hearts are in the dust, our laurels withered, our homes desolated, and our warriors return *no more!* "They have fought their last battle, they slept their last sleep," and it is on their *graves* we place the roses of our grateful affection, and the immortelles of our undying remembrance. All along the line of this beleaguered city can be found the little hillock which marks a hero's grave; while in distant home-steads in every Southern State, weeping mothers mourn these loved ones, as if from their fireless, absent from the consecrated graves of their fathers! Shall these 7000 graves be neglected and unmarked, or shall they be trampled into nothingness by the very beast of the field, and be ploughed into the soil which they died to defend? Forbid it, ye maidens of the South; forbid it, ye comrades, who battled at their side; forbid it, ye legislators, who are jealous for the honor and integrity of your Commonwealth; forbid it, oh! God, Thou God of the fatherless, the widow, and the friendless!

We, as an Association, offer you the pittance which the ravages and desolations of war have left us; we offer you the willing labor of our hands, and that of our noble young men who have toiled with us; we offer you a spot made sure by the patriotic generosity of our City Fathers; and we say to you, help us to take these bodies of your noble sons, reverently to lay them in honored graves, and to rear over them a proud monument worthy of our cause and their deeds. It is not fitting that here, where the last blow was struck, where half-clad, starving men stood up so heroically amid such scenes of terrible carnage, prayed and finally overwhelmed by legions of the foe, the admiration and wonder of the world, is it not fitting that we should thus honor their memory, and exultingly exclaim, "these are our sons," proudly commuting their names to posterity. Our resources at best do not exceed $8 00; up to this date all the dead have received equal care; now we are making efforts to rescue from distant battle fields the "slain of our city," which draws largely on our impoverished treasury, and unless this appeal shall be liberally responded to, the traces of Father, Husband, Son, must perish from the earth. Then, shall we lay them by the side of our noble sons whom we are now gathering from mountain, hill side, and valley, and them to slumber in their natal soil, or leave them where they fell? No, no! let us deny ourselves anything, everything, rather than deny to these scarred, and maimed, and toil-worn martyrs, the sweet repose of a consecrated grave, until the last trump shall summon them to mansions prepared above. Confident that we shall not plead in vain, we leave the cause with you, awaiting your action to carry out the plans before us.

CONGRESS.

WASHINGTON, March 6, P. M.

SENATE.—Sumner introduced a bill securing equal rights in the District and moved its present consideration. Vice objected. It went over. It is the same bill President Johnson pocketed.

The following bills were introduced: Defining and amending the Act, punishing crime against the United States. Repealing the eighth section of the Act, establishing Treasury Department; Prohibiting further treaties with the Indians. Improving and enlarging the Harbor at Mobile.

The Chair laid before the Senate the following from the President:

To the Senate of the United States:

Since the nomination and confirmation of Alexander T. Stewart to the office of Secretary of the Treasury, I find that, by the eighth section of the "act" of Congress, approved September 2nd 1789, it is provided as follows, to-wit:

[The section is here quoted.]

In view of these provisions, and the fact that Mr. Stewart has been unanimously confirmed by the Senate, I would ask that he be exempted by Joint resolution of the two Houses of Congress, from the operations of the same.

U. S GRANT.

Sherman introduced a bill repealing the said 8th section, *but* providing that the Secretary shall act in no case in which he is personally interested, and asked the present consideration of the bill.

Sumner objected. He thought that the matter ought to receive the most careful and profound consideration.

The resolution establishing a Joint Committee to consider applications for the removal of political disabilities was considered.

Sawyer said his object was to secure uniformity of action of the two Houses.

Fessenden, Pomeroy and others opposed the resolution.

Trumbull thought that there ought to be a special committee, as business overburdened the Judiciary Committee.

Sumner said that there were four thousand applications on file and bushels of papers.

Ferry advocated a general removal of disabilities which he thought could be done with safety and benefit to the Republic. He thought that such a bill would receive the sanction of both Houses, if those who had been members of Congress, or had held commissions in the army and navy were excluded.

The resolution was finally referred to the Committee on Revision of Rules. Adjourned.

In Memoriam.

UNIVERSITY OF VIRGINIA
Chi Phi Hall, March 3, 1869.

WHEREAS, We have heard with profound sorrow of the death of our beloved brother in Chi Phi, WILLIAM S. BATTLE, JR., D. D. S. Chapter of ——; and

1. That while we bow in humble submission to the will of God "whose ways are past finding out" and while we acknowledge the goodness and mercy of Him who cannot mark a sparrow's fall to the grave unmoved; yet we can but grieve bitterly over the untimely grave of him who was so dear to us.

2 That the Chi Phi Club has lost a true member, his State a citizen, and those who were associated with him, a friend, whose place cannot be filled.

3 That we extend our heartfelt sympathy to his bereaved family and beg leave to mingle our tears with theirs as we read them that, "Whom the Lord loves he chastens and visits in the family circle. He reaves closest of whom his memory shall ever be cherished with fond regret."

4 That we do wear the usual badge of mourning for thirty days.

5 That a copy of these resolutions be sent to the Raleigh *Standard*, Tarboro' *Southerner* and Raleigh *Sentinel*, and also one to the family of the deceased.

LIFE INSURANCE.

NATIONAL

LIFE INSURANCE COMPANY,
OF THE
UNITED STATES OF AMERICA,
WASHINGTON, D. C.

Chartered by Special Act of Congress, Approved July 25th, 1868.

CASH CAPITAL,
$1,000,000,
PAID IN FULL.

This Company, National in character, offers, by means of its large capital, its rates of premium and New Tables the most desirable ever presented to the public.

The rates of premium being largely reduced, it stands as favorably as the best rates of the best Mutual Companies, and avoids all the complex forfeiture and uncertainties of Notes, Dividends and the misunderstandings which the latter are so apt to cause the Policy-holder.

Several new and attractive tables are now presented, which need only to be understood to prove acceptable to the public, such as the LIFE-PRODUCING POLICY and RETURN PREMIUM POLICY. In the former, the policy-holder not only secures a life insurance, payable at death, but will receive, if living, after a period of a few years, an ANNUAL INCOME equal to ten per cent. (10 per cent.) of the par of his policy. In the latter the Company agrees to return, to the insured the total amount of money he has paid in insurance to the amount of his policy.

The organization of this Company on the LOW RATE CASH PLAN, with new features and unequaled security, has evoked the most remarkable opposition from older and rival Companies. By means, fair and unfair, they have sought to injure the new system, and have attacked it with a series of virulence unknown in the history of Life Insurance.

Not satisfied with the immense sums of money paid Insurance and other journals, to try and check the rapid progress of the National an unsuccessful motion was made in Congress to repeal the charter, after which but accelerated its speed for nine times more than the largest policies issued has been to members of Congress, whose attention has been thus attracted to its unsurpassed advantages. In the face of this opposition, the work of the Company has gone steadily forward, and it is with no little satisfaction that the GENERAL AGENTS are able to state that the business to date is far in advance of anything hitherto accomplished

In Six Months 2,000 Policies have Been Issued.

INSURING, IN ROUND NUMBERS,

$10,000,000.

The attention of persons contemplating insuring their lives, or increasing the amount of insurance they already have is called to the special advantages offered by the National Life Insurance Co.

Office of the Company, at present, at the store of W. H. Jones & Co., Raleigh, N. C., where the officers may be found.

This Company is now ready to receive applications for insurance on the mutual plan, and to issue policies. This scheme is fully explained in a circular addressed to the people of North Carolina, to which special attention is called. It can be had by addressing the secretary, or from our Agents. It is believed that our mutual plan offers inducements to the people at large, not equalled by other Companies.

The Company has issued a Prospectus to raise a Capital Stock to enable it to take Life risks on the Stock plan. What this is done, the Company will offer a very superior scheme of Life Insurance on this plan.

We want Agents in every city, town and village in the State. The Company will be managed with the strictest economy and efficiency, for the benefit of the insured and all interested.

We must build up our home institutions and, as far as possible, keep our money at home to promote home enterprise, home industry and prosperity. WM. E. PELL,

PUBLISHED AT THE

CAPITAL OF THE STATE.

Daily, Semi-Weekly and Weekly.

NEW ARRANGEMENT.

The RALEIGH SENTINEL having passed under the Editorial management of the undersigned, it will, from the present date, be conducted by him.

It will be the zealous and fearless advocate of the CONSTITUTION of the United States, seeking to bring the people back to their ancient reverence for that immortal instrument, and to restore the policy of the country to that honored standard, as the only guarantee of National prosperity.

It will do justice to the men and measures of the present day, whenever they may merit it, but it will unsparingly lash and denounce all who set themselves up in opposition to the Federal Constitution, and hold up to the public indignation corruption and imbecility in high places.

It will ardently seek the promotion of the best interests of North Carolina,—moral, educational, material and political.

THE LATEST NEWS

From every quarter, both by mail and telegraph will be carefully collated and presented.

Full and correct market and financial reports will be given.

And, in one word, no effort will be spared to make the SENTINEL, in all respects, a reliable

FIRST CLASS NEWSPAPER.

NEW METHOD OF WASHING CLOTHES WITHOUT LABOR.

THE AUTOMATIC
CLOTHES WASHER AND BOILER.

THIS BOILER IS MOST EFFECTUAL, reliable and universally recommended. It can be used on any stove or range, in any house, and the low price of the article places it within the reach of every family.

This Boiler operates upon purely philosophical principles, is self-acting, and dispenses with labor and the wear of the clothes.

The hot suds and steam, by the action of heat, are driven up through tubes, placed upon the outside, and forced through the centre of the machine, rapidly, thoroughly, and effectually, and must have to the coarsest linen. For Economy in Investment, as it does for all time, as in the old process of Rubbing and Pushing.

The time required for cleaning a boiler full of clothes is twenty to thirty minutes, and heats three gallons of cold water to boiling point in fifteen minutes, thoroughly washing and cleansing the clothes without LABOR or friction.—A thorough bleaching follows the process.

Washing day will be regarded as a terror and dread no more. Low down Tubs, Rubbing Boards will soon be removed to the DARKEST CORNER AND LEAST, and the great saving in the wear of clothes.

The great value of this invention appears so clear, and appeals so directly to common sense, that we have deemed it unnecessary to exhaust, any of the encomiums with laudatory notices of approval, &c.

So favorable has met with such ready sale and given such satisfaction that [illegible] & BROTHERS, and are its Wholesale Operations.—We have the exclusive right to sell and manufacture in the State.

What a pesky set of individuals!

Now just let ME tell you, that there is more humbug than poetry in all this. Don't every man, woman and child know that it is humbug—large enough to be seen even with one eye shut? So just them rash, puff and blow, but stop. LOOK OUT! **HANDS OFF!** and show your good judgment by
